Commissioner Notes

With just the three intra-divisional games left to play, all of the playoff berths are yet to be decided, though things may sort themselves out rather quickly.

Two division leaders faced off last week, and the Michiana Mud Hens came out on top, handing the Lake Shore Bombers their second consecutive loss. The win gave Michiana sole possession of the lead in the East, while Lake Shore's lead in the South is down to one game, with Grovertown nipping at their heels and riding a four-game win streak, including the latest high-points award. The Rams have a golden opportunity to pull even with the Bombers (and to own the head-to-head tiebreaker) by defeating them this week.

Crawford extended their win streak to five games and can lock up the West with just one more victory. In the North, the Asian Mafia got back into the 'W' column and padded their lead out to two games.

Remember that you must always declare which players you are using on Thursday night (or on any game night prior to Sunday), EVEN IF you are letting the previous week's lineup carry over, or they will be scratched.
